Nolan Adams	African Olive Trading	Re: AOT	23 January 2020		<p>Good Day Kelly,</p> <p>I hope you are well.</p> <p>At about 6am on Monday, 20 January 2020, I was informed by the Farm Manager of African Olive Trading that 14 crates, that they use to transport their product (mussels) from the barge (after harvesting) to the quay – in order to be transported to the factory, were washed over the deck o the barge by rough seas and strong wind of the past weekend.</p> <p>I immediately went to Saldanha with the assistance of one of our workers we walked from Hoedjies Bay to Portnet in dearch of the crates. In this operation, we among others, regained the 14 crates.</p> <p>We were also assisted by SJ Poggenpoel from Viking and 2 of their workers, who regularly clean the beach.</p> <p>I'll forward a few pics of the collected crates immediately hereafter.</p>			Closed and recorded.
