Open Day: Saldanha Bay Water Quality Forum Trust

25 October 2019

S.M.A.R.T.
Future through Excellence

Heinrich Mettler

Johan von Goethe:
“What matters most
must never be at the
mercy of what
matters least”

M=CCA

Balance – Triple Bottomline

People = community

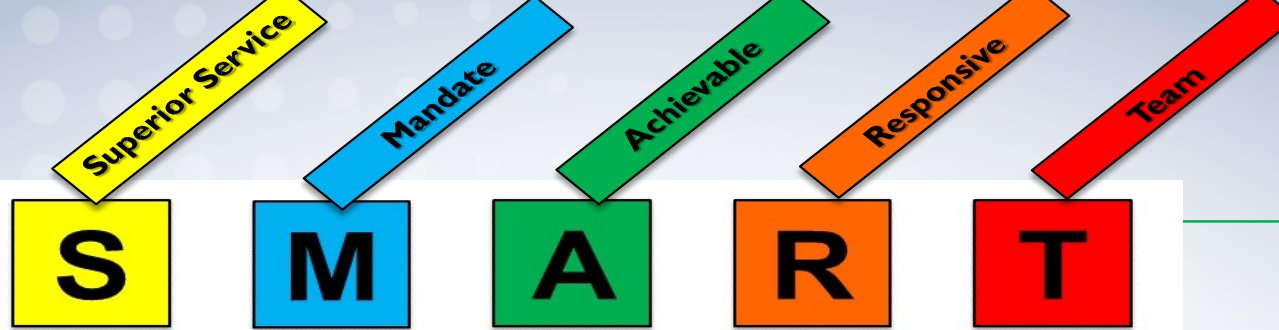

Profit = economy

Planet = environment

Constitution(152) **A municipality must strive within its financial and administrative capacity to:**

- Provide democratic and accountable government
- Ensure provision of services in sustainable manner
- Promote social and economic development
- **Promote a safe and healthy environment**
- **Encourage the involvement of communities in matter of local government**

Future Through Excellence

1. To diversify the economic base of the municipality through industrialization, deregulation, investment facilitation, tourism development whilst at the same time nurturing traditional economic sectors.
2. To facilitate an integrated transport system.
3. **To provide and maintain superior decentralized consumer services (Water, sanitation, roads, storm water, waste management and electricity.)**
4. To develop socially integrated, safe and healthy communities.
5. To maintain and expand basic infrastructure for economic development and growth.
6. To be an innovative municipality through technology, best practices and caring culture.
7. To be a transparent, responsive and sustainable decentralised administration.
8. To ensure an effective communication system. (Media, newsletter, marketing, IT, talking to clients, participation, internet).
9. To embrace a nurturing culture amongst our team members to gain trust from the community.
10. **To ensure compliance as prescribed by relevant legislation.**

Alignment

- Recognize our impact on the Bay
- Contributor to the Trust
- Represented by Alderman Kruger and other officials
- We acknowledge the great work done by SBWQFT
 - Thus far and planned
 - Impact and results is visible by the quality results
- Endeavor to decrease our impact and comply to the relevant legislation
- Treated effluent infrastructure is currently being upgraded and this will be continued in up and coming years – funding is re-arranged, solicited
- Partnerships is revisited and engagements is frequent.
- S.M.A.R.T Green committee is established under watchful eye of Alderman Kruger
- Realize that the Bay is one of our biggest assets

Conclusion

M=CCA

- SBM must comply to Environmental legislation
- SBM is committed to the vision of SBWQFT as it aligns with OURS
- SBM thank and recognize SBWQFT for the good work
- SBM is keen to install systems to prevent and minimize negative impacts
- Input to reinforce environmental resilience and ensure a sustainable environment is valued and appreciated

Alderman Kruger: *“we need balance the need to conserve our natural heritage with the requirement to develop and prosper economically?”*

Thank You

Heinrich Mettler
