Open Day Invitation

25 October 2019 at 09h30

Athene Conference Hall at the Mykonos, Langebaan

VISION

The Saldanha Bay Catchment Area is a sustainable ecological system where the SBWQFT, industry, government and the community work together as a team.

MISSION

To promote water quality and ecological system health through:

- Scientific monitoring, evaluating and reporting
- Equitable sharing of cost
- Informing and the provision of related advice
- Communication with interested and affected parties
- Sound administrative and financial management

In order to meet legal, environmental and social responsibilities.

VALUES

- Accountability
- Openness and Transparency
- Integrity, Honesty, Fairness and Trust
- Cooperation, Synergy and Inclusivity

PRINCIPLES

- Scientific Approach –monitor, evaluate and report
- User Pays (sharing monitoring cost)
- Stakeholder Representation (relevant entities/bodies/organisations)
- Public Participation
- Legal Compliance
- Financial Viability

GOALS

GOAL 1: To monitor marine water quality and eco system health;

GOAL 2: To share costs of monitoring programmes;

GOAL 3: To inform all relevant authorities & stakeholders of the monitoring results and provide advice where applicable;

GOAL 4: To communicate the monitoring activities/findings to industry, Government & community;

GOAL 5: To ensure sound administrative and financial management.
