Executive Mayor Andre Truter

Saldanha

City of Excellence & Opportunity
on the “Weskus”

- Need a healthy environment to create opportunities.
- Saldanha Bay Water Quality Forum Trust
 - Strives to work together as Team with Private Sector and all Spheres of Government.
 - Create sustainable ecological system in the Saldanha Bay Catchment Area.
 - Contributes to the promotion of water quality and ecological system health.
- The United Nations Sustainable Development Goals 2030.
 - Shared blueprint for peace and prosperity for people and the planet now and into the future.
 - 17 Sustainable development Goals

TARGETS

- ① Lower poverty levels for all people.
- ② Half the number of men, women and children living in poverty.
- ③ Implement adequate social systems to protect the vulnerable and poor.
- ④ Provide equal economic opportunities, basic services and access to natural resources, property and technological advances to the whole society.
- ⑤ Unite in strengthening the resilience of all vulnerable communities to better absorb social and environmental shocks.
- ⑥ Ensure easily accessible resources in developing countries to socially equitable programmes and policies.
- ⑦ Create uniform and consistent pro-poor and gender-sensitive policies on national, regional and international platforms to encourage accelerated investment.
