SABS Commercial SOC Ltd conducted a conformity assessment pertaining to a sample of the product, commodity or system identified and the outcome recorded in this test report only relates to that specified sample. The conformity assessment outcomes recorded in the test report do not imply SABS Approval of the quality and/or performance of the sample(s) in question and the test results do not apply to any similar sample that has not been tested. (Refer also to the conditions of test printed on the back of this page.) This report may not be reproduced except in full. The authenticity of this report and its contents can be confirmed by contacting the person who signed it.

The acceptance of a sample for test and the issue of a test report are subject to SABS' Conditions of Test, which are the following:

1. If published or reproduced by the client, a test report shall be reproduced in full, i.e. the reproductions shall contain the printed as well as the typed parts of the report, nothing excerpted.
2. A test report relates only to a sample submitted for the actual test. It furnishes or implies no guarantee whatsoever in respect of a similar sample that has not been tested by the SABS.
3. This test report does not imply that the user has obtained pre-approval to apply the SABS certification mark nor does it imply approval by SABS, of the quality and/or performance of the sample that has been tested. No person may falsely claim or declare that any commodity, product or service complies with a South African National Standard or other publication of the SABS.
4. While every endeavour will be made to ensure that a test is representative and accurately performed, and that a report is accurate in the quoted results and conclusions drawn from the test, in terms of the Standards Act, SABS or its officers shall not be liable for anything done or omitted in good faith when error made in carrying a test.
