

# Our Celebrated Western Cape Coast for life, for all, forever!

## The Western Cape Provincial Coastal Management Programme (PCMP) 2022-2027

The PCMP is a roadmap which provides guidance for the sustainable and integrated management of our coast. The PCMP has undergone an extensive review, including gender and human rights perspectives. Through analyses and stakeholder engagement, the nine Priority Areas of the programme were confirmed. Implementation of the programme is undertaken transversally by Western Cape Government and in partnership with all other relevant government and coastal stakeholders and communities.

The Western Cape has developed nine Priority Areas to achieve a sustainably developed and resilient coast:
